Mr. Brent Cowley
President Richfield Irrigation Canal Co.
241 East 600 North, Apt #2
Richfield, Utah 84701

Dear Mr. Cowley:

Enclosed is an estimate in the amount of \$4,000.00 from the US Bureau of Reclamation to repair Richfield Canal's automated head gates. The Bureau of Reclamation is unable to work directly for an irrigation company however; they may work for the Division of Water Rights. If Richfield Canal Co. wishes to hire the Bureau to make the repairs, the Division of Water Rights is willing to contract with the USBR for the services on behalf of the canal company.

The arrangement would work as follows:

1. The Utah Division of Water Rights would pay the Bureau of Reclamation \$4,000 up front.
2. Within 60 days, the Bureau will complete the repairs and send an invoice for the actual costs incurred (not to exceed \$4,000).
3. The Richfield Irrigation Canal Company must remit payment in full for 100% of the actual cost of repairs to the Utah Division of Water Rights by November 1, 2016.

To proceed in this manner, please respond with a letter indicating Richfield Irrigation Canal Company's commitment to the above-described arrangement. Feel free to contact me at (801) 538-7431 with any questions

Sincerely,

Sue Odekirk P.E.
Sevier River Distribution Engineer
